Love Wants to See

Tiara Rolland
Author, Illustrator, and Publisher

Outside of my window, there is a bird who sits in a tree, but I want to see what is beyond that tree. So I am going to ask my mommy, “Can I see?”

Mommy took me outside to see beyond the tree that is outside of my window. I saw that there was a house, a car, the sun, and the sky, but there was also something warm. So I asked my mommy, “What is beyond the house, the car, the sun, and the sky? I want to see.”

So Mommy, Daddy, and I got dressed and got ready to go on a trip beyond the house. Beyond the house there was something that Mommy and Daddy called the world. It had people, but they didn't all look like me.

Did you meet Love? She's the girl on this book cover. Love is a girl who wants to know so much more about the world around her and the sky above her.

Join Love in this faith based book as she explores the world around her with the help of her late Great Grandma Revi Val's friend, all through the eyes of curious, innocent, and pure love.
